“MYRADYM” INDIVIDUAL ENTERPRISE was established in 2008, Ashgabat, Turkmenistan.

Since the establishment in 2008 MYRADYM Individual Enterprise takes pride in delivering high-quality projects that are sustainable, functional, and aesthetically pleasing. We have an extensive portfolio that showcases our versatility in handling different types of projects, from residential, social, commercial to industrial buildings.

MYRADYM specializes in a variety of industries, including but not limited to construction, petroleum services, industrial and agricultural production, logistics and general trade. Company possesses various administrative offices, production and storage facilities, trade and services-oriented buildings and bases in Ashgabat and regions of Turkmenistan.

Success of MYRADYM is greatly attributed to our team of experts and staff of more than 500 employees who are not only skilled in their respective fields but are also dedicated to delivering exceptional service to our clients. We invest in continuous training and development to ensure that our employees are up-to-date with the regulations and latest trends and technologies in the respective fields of industry.

Company’s commitment to safety and environmental sustainability is also a top priority. We adhere to strict safety protocols to ensure that our workers and clients are always safe on site. We also implement eco-friendly practices in our operations to minimize our impact on the environment in accordance with ISO standards. As we continue to grow and expand, we remain committed to our core values of integrity, excellence, and customer satisfaction. We look forward to collaborating with more clients and delivering outstanding projects that exceed their expectations.

Vision of a company: To become a multinational and diverse company adding top of gained experience, marching with technological advancements to the future.

Mission of a company: To deliver priceless quality and ensure stakeholders satisfaction.
